

**After the 5 year during succes of a Open Salesday, the time for a new challenge has come:
A Online Auction of Friesian Horses with a special presentation on Sunday, January 10!**

About 24 selected horses, a new marathon-drivingcarriage and a recreationcarriage will be auctioned from Sunday January 10 till Wednesday January 13, 2010.

Within the group of horses you find beautiful breeding- and sportmares, well talented dressage and driving geldings and an imposing collection three-year-old stallions!

Of course you want to know exactly what you are buying and that's why we will try to give you as many information as we can about all horses. Reliability must be on first place and so all horses are veterinary checked and some are already been x-rayed.

All horses are placed on this website from coming December 24 but you can also check our digital newsletter.
